

BEE organized a workshop on “Energy Efficiency Improvements in Commercial Buildings” on 21/11/2011 at Hotel Piccadilly, Chandigarh under UNDP-GEF-BEE project for the States of Punjab, Haryana, and UT-Chandigarh. The event was organized to clarify on the roadmap ahead for adopting ECBC in the buildings. Punjab State Council for Science and Technology, Northern region Local Resource Centre put up a stall and displayed REB models, posters and other relevant information during the workshop. The Workshop was attended by about 50 participants comprising experts from BEE, architects and officers from Punjab PWD, Haryana PWD, PUDA, HAREA, PEDDA besides other departments of Govt. of Punjab, Haryana and UT-Chandigarh. The participants took keen interest in REBs and were informed on use and benefits of REBs.
